## *Our Team*

Summit Memorials was created to offer Western Canadians granite and bronze memorials of the highest quality. Our Team is dedicated to creating a personalized memorial that reflects the life of your loved one in a fitting manner.

Our service is provided in an atmosphere of honesty and integrity.

Our attention to detail in every aspect of the creation of your memorial - from conception to inscription to placement in the cemetery - is your assurance of the highest quality workmanship for your investment. As a full-service company, we offer granite and bronze memorials, flower containers and photographs, as well as added inscriptions to existing memorials. Your memorial can be installed in any cemetery in Western Canada.

**By purchasing a Summit memorial, you are assured of top quality at competitive prices.**

## *Planning Ahead*

Many people find comfort in planning ahead by purchasing their own memorial. It gives them peace of mind knowing that they are able to take care of decisions that would otherwise fall to family members at an emotionally difficult time. Purchasing in advance allows you to take advantage of today's rates and assures that you will be remembered with a beautiful, timeless memorial that reflects those things that are important to you.

When you plan ahead, Summit will complete the memorial according to your wishes and then store it in our secure indoor storage until it is required. A simple telephone call will arrange to have the memorial placed in the cemetery without the need for anyone to meet with a salesperson.

**Summit Memorials can letter your memorial in any language.**

## *Our Guarantee*

Summit Memorials guarantees unconditionally that your granite memorial will never crack or chip from exposure to the elements and that the lettering and design will remain legible for all time. This guarantee has no expiration date, no deductible and is included at no additional cost with every granite memorial produced to our exacting standards.

### *Cemetery Installation*

The same integrity and care with which your memorial is created will be applied to its placement in the cemetery.

When your memorial is installed by our trained staff, you will receive the Summit Installation Warranty that covers materials and workmanship.

### *Time-sensitive Service*

In-stock memorials will normally be completed within six to eight weeks of ordering. If required, delivery in three working days is available for a small additional cost.

**We invite you to contact us if you require any further information regarding memorials.**
